Alpha Beta Gets Better Every Year

About a year ago, the new officers had just been elected, and I was preparing to take over as president. I was nervous and anxious, but excited to get the opportunity to lead the chapter and learn so much more about my sisters, my sorority, and myself. In the past year, I experienced ups and downs in the office. I experienced the thrill of leading a chapter of talented and strong women, but at the same time, I found myself struggling, at first, to adjust to the extensive time commitment. Now that it's all winding down, I realize that I'm going to miss knowing what is happening in every aspect of Tri-Delta, sitting on all the committees, and running chapter on Sundays. I have had many people ask me if in the end, it was all worth the time, occasional tears, and sacrifices that went into my term as president, and my answer is always a whole-hearted, "Yes, absolutely."

I'm walking away from the position having learned and grown so much through my time as an officer. I feel as though there is no way for me to give back to Alpha Beta even a fraction of what her members have so generously given me. Through my experience as president, I have had to mature and really take to heart the lesson that doing what is right is not always easy and the importance of staying objective. I've really learned what it means to be a sister and how strong my sisters truly are. I have found a new confidence in myself and a better appreciation for my strengths as well as my weaknesses.

As the new officers begin to transition into their positions, I want to ask them to be strong and to believe in themselves and in their sisters. Alpha Beta continues to grow every year, but now more than ever we need to renew and invigorate the chapter. We must be proactive in seeing the long-term vision and mission of Tri-Delta shine through in Alpha Beta. There is no room to follow the path of least resistance and simply do things as they've always been done. This is your opportunity to help shape the chapter's present, as well as future. And remember, "Excellence is the result of caring more than others think wise; risking more than others think safe; dreaming more than others think practical, and expecting more than others think possible."

Thank you all for having faith in me and for giving me the opportunity to lead you...I will never be able to express exactly how much this experience has meant to me and how much I have appreciated it.

Philanthropy News

Taking advantage of the great weather early on in the semester, girls laced up their sneakers and took part in some exciting philanthropy events around campus. Our house showed its strength when we took part in the annual "Phi Tug" tug-of-war competition. Raising money for the fraternity's national philanthropy, Tri-Delta had a great showing, and though we didn't come away with the crown, we managed to out-tug some much-feared competition. We also lent our support at Kappa Alpha Theta's annual "tip-a-canoe" back in September, sending two teams to paddle down Beebe Lake. Early in the semester, we also took part in "Collegetown Clean-up," a joint event with other Greek houses to help beautify our off-campus hangouts.

Although the warm weather has quickly departed, our community and campus involvement will continue. As of this writing, such plans include a community service event at an elderly living center in early November.

We look forward to our upcoming "Sincerely Yours" event. The activity is scheduled to take place on October 22 at our chapter house. This national effort to raise money for St. Jude Children's Hospital by sending letters asking for donations to friends and family has proven to be very successful in the past. With a goal of 50 letters from each sister, we hope to generate a great response!

While hopes for hosting a charity golf tournament this fall were eventually shattered by a number of complications, we look forward to possibly organizing it for the spring. After a fabulous visit from our field consultant this September, we now have a better understanding of ways to raise money without charging an enormous fee to tournament participants. With more time to devote to its planning, the future event should be a success!

Tea With Tri-Delta

*Alumnae tea parties
are coming to your area in
early January 2006!
Have afternoon tea with
Alpha Beta undergrads
and fellow alumnae.
Look for more details
coming to you soon!*

Tri-Delta Teas Bring Sisters Together

Many of our experiences at Cornell have been so incredible because we were able to create them with our Tri-Delta sisters. Not only are the four years we spend together as a pledge class limiting, but it is also unfortunate that many of the girls who have passed through Tri-Delta have never been able to meet each other.

If possible, I would like to be a liaison between the pledge classes past and present. Our current undergraduate girls would like to invite the Alpha Beta Chapter to attend a tea party in some of the areas most populated by Tri-Delta women. We hope that by having a channel in which to meet each other, we can form more friendships to continue to solidify our bond of Tri-Delta sisterhood.

I hope that many of you will attend. I think the support of all the alumnae, plus the support of the current girls enjoying the benefits of such an amazing organization, can only strengthen our sisterhood and be a benefit for all. I encourage all who can attend to join us for a relaxing afternoon or evening sometime during early January. Our sisterhood was an important part of our experience at Cornell University, and I hope we can continue the relationships we have made and can still make.

Homecoming Weekend Is A Time To Cherish

Tri-Delts who helped set up during Homecoming weekend: (back row, left to right) Summer Peck '07, Monica Ganley '07, Gail Fink '85, Lindsey Russel '07, Michelle Diamond '07; (front row, left to right) Lauren Lohman '07, Natalia Avalos '08, Laura Connelly '08.

I hope this statement is not blasphemous, but Homecoming weekend at Cornell parallels Slope Day. Weekends are great in and of themselves, but when we have school spirit rallying behind our football team and all the alumnae back to support and share with us their post-graduate experiences, it becomes a weekend to remember.

On Saturday, October 15, our house got together to celebrate the reunion of our sisters who graduated. We gathered in the morning for breakfast before the football game; there was a lot of hugging and catching up, not to mention networking for future business connections. As a house, we tailgated in the parking lot of the football field with the rest of the Greek community. The day was special because everywhere you went, you saw a familiar face that had been missed around campus.

On Sunday morning, we all gathered at the house before chapter for brunch. This was a great opportunity for the alumnae to get to see the house, its new renovations, and to become better acquainted with the new girls living in. Everyone appreciated being able to informally share some time together, especially the current seniors who realized it would be them coming back next year. We had an excellent showing of alumnae back for the weekend, and it has definitely become an important way to stay close to our roots at Cornell University and as sisters of Delta Delta Delta.

Delta Focuses On Inter-Pledge Class Relations

Delta Delta Delta, a sisterhood that brings unique, intelligent, beautiful girls together, continues to be an organization that supports us during our four years here at Cornell. Our house has done an amazing job of encouraging and nourishing devoted girls. One particular way I would like to highlight is our dedication to inter-pledge class relations.

In such a large sorority, it is often hard to get to know well the 40-plus girls in your own pledge group, not to mention trying to remember the names of the other approximately 100 girls in the house. This is something that I am proud to say our house does well, whether through planned events or by unorganized phone chains to get people together. As a senior, I know the majority of the most recent pledge class fairly well. In the past week alone, I have hung out with them at Homecoming, our alumnae brunch, a formal, and several times at the library.

One of the important parts of our sisterhood that brings us together is recruitment. Soon we will all be coming back to join together as a house in unity and friendship to recruit new girls who we think can make our house thrive and to pass along the traditions that are so important to us and our future as a house. I look forward to spending quality time with my sisters during that hectic experience one more time, entrusting my love for our house in new girls who will soon be in my position taking a leading role in the house and making it their own.

Rosemary (Hunt) Todd '31 writes, "I'm now in my third year of independent living at a retirement spot in Manchester, New Hampshire, and doing well. This is a happy place and a busy one. However, one may enjoy trips to various spots of interest or quietly enjoy the privacy of one's own apartment. My three children call me daily and frequently take me with them to places around the country. And we seem to be having a family population explosion. My son, Tony, and his wife, Gail, had their first grandchild in July in Chicago. A grandson, Andrew, and his wife, Bonnie, had twin boys in August. Another grandson, Topher, and his wife, Courtney, welcomed their third child in August. And so it goes. In June, I went with my daughter, Rosemary, for a Chicago and Muskegon visit, returning east in July for my grandson David's wedding in Connecticut. Then I spent some time on Martha's Vineyard. I turned 96 this summer." Keep in touch with Rosemary at 200 Alliance Way, #239C, Manchester, NH 03102.
