ITHACA, NEW YORK

FALL 2004

Tri-Delta Continues To Flourish

The leaves are turning colors, the weather is becoming colder, and we here in Ithaca are just finishing our first rounds of prelims. Thus far it has been a great semester—one full of wonderful opportunities for continuing to develop our sisterhood.

We began the semester with a successful officer retreat at Buttermilk Falls. The day provided us with a chance to look back at what we had accomplished and look ahead to what we still wished to do. Out of the retreat came about 15 committees for all sisters to sit on, which will allow them to become more active in chapter activities. These committees also provided the officers with a group of sisters who could specifically help with projects that need more than one set of hands.

Our fall 2004 new members pose with the chapter on bid night.

At our Chapter retreat we executed these committees, and also worked together to outline ideas that as a sisterhood we would like to see fixed internally—within the Greek system and within Cornell University.

This semester we have seen many of these suggestions come to life, such as a detailed monthly calendar for each sister to stay on top of Tri-Delta happenings, a

“birthday committee” that celebrates sisters’ birthdays each month, and more interactive and informative modules and chapter presentations.

We also had the pleasure of conducting a diversity workshop—developed by our own membership development chair, Nikki Jaffee ‘06—for representatives from each chapter in the Panhellenic, Interfraternity, and Multi-Cultural Greek Letter Councils. We have just recently completed our officer slating and are now focusing on training our wonderful new leaders.

As the leaves finish falling to the ground, we here at Alpha Beta are only growing.

A Tri-Delta Transfer

Sister from UC-San Diego Adjusts To Life At The Alpha Beta House

The first time I came to Ithaca and toured Cornell was on the day I moved in. Excluding the online tour and a few photographs, I did not have the vaguest idea of what to expect. As a sophomore transfer from the University of California-San Diego, I knew New York—and especially Cornell—would be a drastic transition.

During transfer orientation, my first moments consisted of getting lost on west campus in search of Bartels Hall, losing my mother in a sea of freshmen, and getting drenched by a rainstorm—

which it seemed everyone was prepared for but me.

Fortunately, my mind was a little at ease because I was already in contact with a couple Tri-Delta officers, Megan Malone ‘06 and Alexis Frasier ‘06, who comforted me with the thought of a close-knit community even 3,000 miles away from home.

Immediately upon my arrival, my new sisters were eager and enthusiastic. In particular, my roommate, Nicole Spooner ‘07, and those living in the crescent were so comforting and approach-

able that my first month became a series of exciting, new events, rather than the horrific, awkward transition I had anticipated. Instead of having a repeat of freshman year in the dining hall, I had the opportunity to catch up with the girls over dinner in the house every night. Suddenly, this enormous and intimidating campus became just a little more manageable when I would encounter a few Tri-Deltas on the way to class, whether they knew me or not.

Tri-Delta Takes On Italy

The spring 2004 semester was an exciting and unforgettable time for four Alpha Betas living in Florence, Italy, and attending La Scuola Lorenzo de' Medici through the Wells College Florence Program.

Alison Weintraub and Alexis Fershing, both '05, lived together not far from me and Lauren Schneider '05. Having thought I had applied to study abroad alone, I was excited to learn that there would be three other Tri-Deltas with whom I could share the experience.

We spent a week-long orientation in Rome before settling into our homes for the next four months—apartments located right in the middle of the beautiful, ancient city. Our time in Florence was treasured, from every breath-taking walk along the Ponte Vecchio to every stop at our favorite gelato shop.

The experience didn't end in Florence; we traveled both in Italy and to cities all over Europe, including Vienna, Amsterdam, Nice, London, Paris, Barcelona, and Prague. We are incredibly fortunate to have been able to learn about the world we live in by actually experiencing the places and their cultures firsthand.

This past semester is one that I know I will not soon forget: the beautiful places I have seen, the history and culture I have learned, the interesting and often hilarious situations we found ourselves in. They have all taught me more about myself and the world than I thought was possible. I am so happy I was able to share this special time in my life with my sisters!

Tri-Delta Celebrates A Successful New Member Recruitment

After a very successful fall recruitment effort, Alpha Beta was proud to officially welcome five new members into the chapter on September 26, 2004: Rachel Caraviello '07 of Pepperell, Massachusetts; Bronwen Childs '07 of Norfolk, Connecticut; Kathleen Corless '07 of Chicago, Illinois; Lauren Pearson '07 of Longmont, Colorado; and Leah Wilson '07 of Putney, Vermont.

These wonderful new members were the only ladies we extended bids to during recruitment, and we were ecstatic to have them all accepted. Bid night was

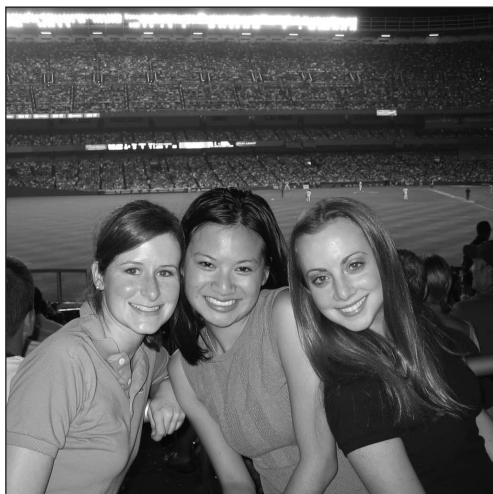

held at the house on Sunday evening, and all sisters were present to share in the celebration and meet our newest Tri-Deltas over cake and dessert. The following day, sisters met from around campus to have lunch with the new girls, who were wearing their bid night shirts.

Our new members met weekly during the chapter meeting to learn more about Tri-Delta—both internationally and locally—until they were fully initiated in early November. The girls recently spent an evening bonding with the mem-

bers of the spring 2004 pledge class—learning the dance, planning the skit for spring recruitment, and working on the 2004 scrapbook. Although the initiation period went by rapidly, there was more fun to be had.

The sophomore class held its first invite party on October 30 and the formal was held December 6. We are so pleased with our new members and are proud to call them Alpha Beta Tri-Deltas!

Tea With Tri-Delta

Alumnae tea parties are coming to your area in early January 2005! Have afternoon tea with Alpha Beta undergrads and fellow alumnae. Look forward to more details coming to you soon!

Find New Ways To Connect With Your Sisters

I would like to invite everyone to check out our chapter website at www.rso.cornell.edu/tridelt. The site currently features only the undergraduate chapter, but I will be adding an alumni database soon.

We would love for alumnae to start using the website to update the chapter with news of their lives and by using the feedback page. We will now be posting the *Alpha Beta Data* online, and we encourage you to submit articles and pictures.

Besides the website, we encourage everyone to join <http://incircle>.

tridelta.org. It's a free and a great networking opportunity. Another website you can use to keep in touch is the member-only section of the national Tri Delta website, which you can access by going to www.tridelta.org and then by clicking on "Deltas only." (You will need your *Trident* magazine or pin number to register.)

Also, if you would like a free Cornell forwarding e-mail address, go to www.cuconnect.cornell.edu/index.cfm. Once you sign up, all e-mail sent to your Cornell address (you5@cornell.edu) will be automatically forwarded to your cur-

rent provider (you@aol.com). As you change jobs, addresses, and internet service providers, your Cornell address remains constant. Friends, business associates, and family will always be able to reach you.

I hope that each of you takes the time to register for these great networking opportunities. If you have any questions or suggestions for the website, please do not hesitate to email me at mmm62@cornell.edu or by using the site's feedback page.

Tri-Delta Transfer

(continued from page one)

Aside from my living situation, the sorority's connection with so many diverse activities—such as philanthropic events and Tri-Delta-run activities—has helped me get more involved in both Tri-Delta and Cornell. I enjoyed such events at the UCSD chapter last year and am looking forward to them this year at Cornell. Overall, transferring schools and chapters has been a positive experience. After two months at Cornell, I am thankful that the only stumbling block thus far has been how to dress in the cold upstate weather.
